

Thank you for downloading LowPolyLivingRoomPack - FREE Demo

A small free sample of 12 low-poly Living Room pack.

12 FBX models + 12 prefabs

1× 8×8 px texture (PNG) & 1 material

Optimized low triangle counts

This asset includes a demo scene for URP (recommended pipeline).

Support for HDRP and Built-in Render Pipeline is included via dedicated folders.

All assets are fully prepared for each pipeline — no conversion needed.

Only URP includes a demo scene; HDRP and Built-in versions are provided as ready-to-use content files.

This asset pack is designed for Unity's URP Render Pipeline by default.

Additional support for HDRP and Built is provided in the following folders:

LowPolyLivingRoomPack_HDRP

LowPolyLivingRoomPack_BUILT

► How to use HDRP or BUILT versions2

Simply open the folder matching your render pipeline (e.g. LowPolyLivingRoomPack_HDRP) in Unity.

Unity will automatically import and convert the materials and assets as needed.

No manual setup is required.

Enjoy building your stylized low poly interiors!
